TEA & CHOCOLATE

OUR BRAND'S JOURNEY

Conbella, which we established in 2020 with the philosophy of “natural and high quality tea”, delivers special teas grown in various countries of the world to tea lovers in their most natural form. After analyzing the meticulously collected teas, we sterilize them and offer them to you in eco-friendly packaging while preserving their naturalness. Our teas are with you in their purest form, without adding sweetener or flavoring.

Now, with our new product group *CHOCOLATES*, we deliver real Belgian chocolate to chocolate lovers with the highest quality and natural content.

Based on quality and naturalness in all our product groups, we will continue to deliver the most delicious products to you.

TEA COLLECTIONS

Tea Bag Collection

Loose Leaf Collection

ENGLISH BREAKFAST

English Breakfast is one of the popular black tea blends made with a mixture of Ceylon and Assam teas. An essential drink for the English Breakfast and known for its delicious taste, English Breakfast has an intense flavor. The big leaves of Assam tea and the dominant taste of the Ceylon tea is the identifying feature of this tea.
Ingredients: Ceylon, Assam.

DETOX TEA

Detox tea which has a natural and healthy content helps you detoxify.

Ingredients: Green tea, peppermint, rosemary, nettle leaf, mate, lemongrass, ginger, cherry stalk, lemon peel.

RELAX TEA

Relax tea which contains natural and healthy ingredients will reveal the calming effects of lemon balm, chamomile and lavender.

Ingredients: Lemon balm, chamomile, lavender and lemongrass.

ROOIBOS RED

This blend is produced with mixing Rooibos leaves, also known as “red tea”, grown in the Western Cape region of South Africa, with fruits and herbs.

Ingredients: Rooibos, hibiscus, rosehip, apple and pomegranate peel.

GREEN TEA

The difference between green tea which consists of Camellia Sinensis leaves just like black tea is the processing technique and time. While black tea leaves are dried long and slowly, green tea is obtained by roasting and drying the tea leaves as soon as they are collected. Green tea preserves its color and structure without being exposed to oxidation. It's one of the most consumed tea varieties in the world.

Ingredients: Green tea leaves.

EARL GREY

Earl Grey is a popular black tea blend obtained by mixing Ceylon, Turkish black tea and bergamot plant. Indispensable for those who like fragrant and dominant flavors, Earl Grey offers an intense flavor. Ceylon tea leaves and the dominant taste of bergamot are the defining features of this tea. Ingredients: Ceylon, Turkish black tea and bergamot.

ENGLISH BREAKFAST

Black Tea, Sri Lanka, India

English Breakfast is one of the popular black tea blends obtained by blending Ceylon and Assam teas. English Breakfast, which is the indispensable drink of English breakfasts and stands out with its taste, offers an intense flavor. The large leaves of Assam tea and the dominant taste of Ceylon tea are the defining features of this tea.

Ingredients: Ceylon, Assam.

DARJEELING

Black Tea, India

It is a type of black tea which is grown in the Darjeeling region in Northeast India. It provides a delicious and unique flavor. Darjeeling's growing conditions are difficult and the harvest period is short, so it is a very valuable tea.

Ingredients: Black tea leaves.

EARL GREY

Black Tea, Sri Lanka

It is a Ceylon tea grown in the Ceylon region of Sri Lanka and a unique blend of Ceylon tea and bergamot.

ASSAM

Black Tea, India

This special tea which grows in Assam located in the Northern region of India offers a unique flavor. Assam tea has a special place among black teas.

Ingredients: Black tea leaves

SENCHA ~ GREEN TEA

Green Tea, Japan

Sencha, a special type of Japanese tea, is obtained by steaming carefully picked tea leaves for 15-20 seconds, then curling, heating and drying. It is the most consumed type of tea in Japan.

Ingredients: Green tea leaves

JASMINE PEARLS

Green Tea, China

Jasmine Pearls is the hand-wrapped presentation of green tea leaves grown in China and jasmine flowers. This way, the freshness and flavor of the jasmine flower is preserved. In this process, the top two green tea leaves are used. It has a lightening and refreshing effect. When Jasmine Pearls come into contact with water, you can watch them open up.

Ingredients: Green tea leaves, jasmine flowers.

WHITE JASMINE

White Tea, China

White Tea with Jasmine reveals the unique harmony of quality white tea leaves grown in China and jasmine. Jasmine's refreshing effect and the lightness of white tea provides a delicious taste.

Ingredients: White tea leaves, jasmine flower.

MILK OOLONG

Oolong, Taiwan

Milk Oolong tea is the one that is preferred the most among oolong teas. The sophisticated taste of oolong tea grown in Taiwan creates a wonderful harmony after being kept in milk steam. It is obtained by wrapping Oolong tea in round shapes.

Ingredients: Oolong tea

ROOIBOS

Herbal Tea, South Africa

This tea is obtained from the leaves of rooibos, also known as red tea, grown in the Western Cape region of South Africa. Rooibos tea does not become bitter when brewed for a long time, you can brew it longer than normal teas to reach its flavor. It provides a light and delicious flavor.

Ingredients. Pure Rooibos
